FOR IMMEDIATE RELEASE

**MIDCAP ADVISORS WELCOMES RICHARD GROBERG AS
MANAGING DIRECTOR**

Veteran Healthcare M&A Expert Strengthens Growing Advisory Practice

NEW YORK, March 2025 – MidCap Advisors, a premier middle-market investment banking firm specializing in mergers and acquisitions, is pleased to announce that Richard S. Groberg has joined the firm as a Managing Director, further strengthening its healthcare practice.

With over 30 years of experience and over \$2.8 billion in completed transactions, Mr. Groberg brings deep expertise in healthcare M&A, including over \$400 million in fertility and physician practice management deals. His track record of leading successful transactions across multi-location healthcare providers and private equity-backed consolidations makes him a key addition to MidCap’s growing healthcare advisory team.

Prior to joining MidCap, Mr. Groberg most recently served as Business Development Manager at Pinnacle Fertility and previously served as Founder and Managing Member of RSGAdvisors, LLC, where he provided transaction advisory and interim CFO services to private and public companies.

“Richard is a phenomenal addition to our healthcare practice,” said Scott Yoder, Managing Director at MidCap Advisors. “His unique insider perspective of being on the buy-side with Pinnacle Fertility and his years of representing sellers provides invaluable experience to MidCap’s clients to confidently navigate and execute complex transactions, particularly in healthcare services and physician practice management.

“I’m excited to join MidCap Advisors at a time when the healthcare M&A market is rapidly evolving,” said Mr. Groberg. “MidCap’s dedication to healthcare clients and its reputation for

delivering outstanding transaction outcomes align perfectly with my own commitment to helping business owners and investors achieve their respective goals. I look forward to leveraging my experience to provide clients with the guidance and “insider’s” perspective needed to navigate transactions with confidence and maximize value.”

Mr. Groberg holds a B.A. from Emory University and an MBA in Finance from Fordham University.
